

## CRESTRON HOME™ APP QUICK START GUIDE

## Welcome to your Crestron Home.

The Crestron Home App makes it easy to access and control every aspect of your home—from your phone, tablet, or touch screen.

This guide will walk you through basic navigation, room controls and settings, and how to make your Crestron Home your own. So let's get started.

# HOME PAGE - MAIN NAVIGATION

Navigating your Crestron smart home starts here.

Currently selected home.

See status of security system and doors.

Tap ... to access more advanced settings such as changing your home page image.

To choose your home page image see page 26.

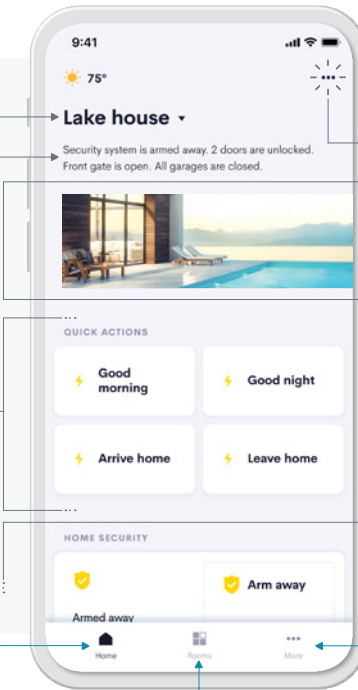

**Quick Actions** are like shortcuts. They give you the ability to easily execute a **Scene**, or a combination of different commands, with one tap.

**Home Controls** apply only to systems that affect your entire home, such as security. Simply swipe up to see every system available to you.

**Home** button appears on every page, so you can always quickly navigate your way back.

**Rooms** gives you control of all the different rooms and areas in your home.

Tap **More** for information on your Crestron system and Crestron customer support.

# ROOMS

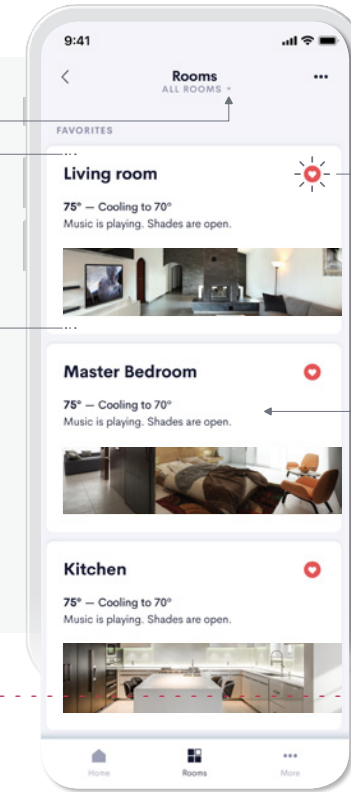

Manage how you'd like to view your home

Tap here to select the room you want. Rooms are organized by floor or area.

Each room can be given a unique name and custom image.

Scroll up or down to see all your rooms and areas.

Tap ♥ to designate a room or area a Favorite. Favorites will appear at the top.

Key information about each room is displayed here.

# ROOM VIEW

See every action you can take in each room.

Annotations for the Room View interface:

- Tap < to go back to the main **Rooms** page.
- Displays status of systems in the room.
- Your personal room image confirms you're in the room you want to control.
- Tap to activate Quick Actions such as on or off.
- This check mark indicates that your quick action is active.
- Tap icons below to access **Room Services**, for more advanced controls.
- Tap to go back to the main Rooms page.

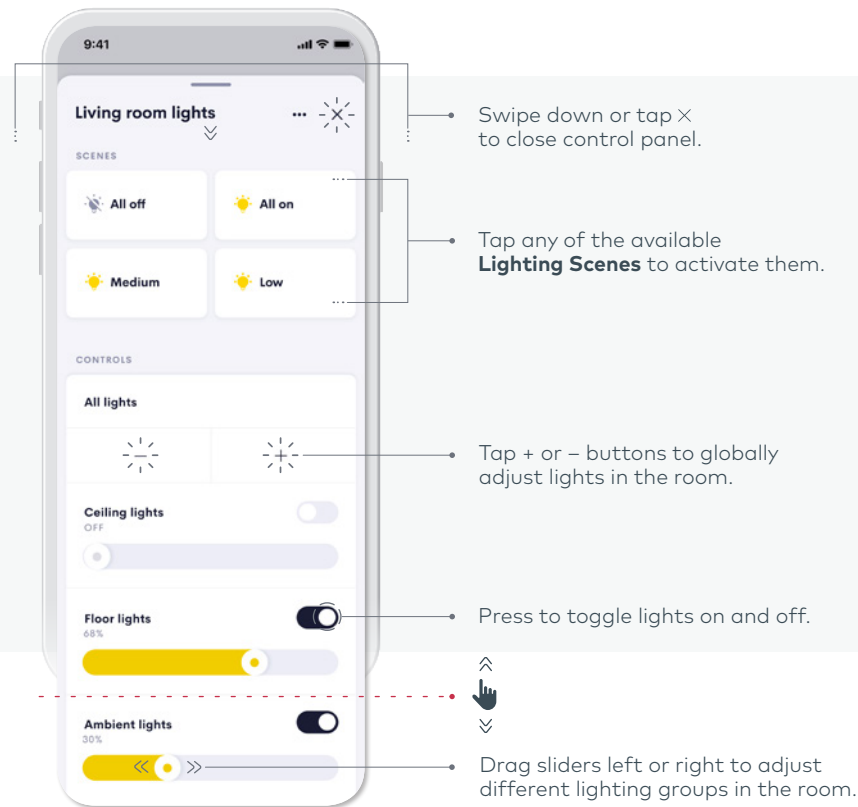

With Room Services you can finely control everything from lights and shades, to temperature, music, and video.

Annotations for the Room Services and Thermostat interface:

- Press + or - to adjust temperature. Tap the **Climate** tile to access more advanced control.
- Tap the 3 horizontal dots to access more advanced control.
- Tap **Lights** or **Shades** to access simple actions such as On, Off, Open, or Close.
- Tap Audio and Video tiles to access basic controls.
